Dear Brenda,

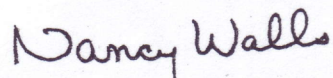

I wanted to thank you for introducing the Hibel Museum to an incredible fund raising tool! StarGroup has done a wonderful job in helping us promote the coffee table book which showcases the incredible life of Edna Hibel. Your suggestions and assistance in producing a marketing package to launch the project was very effective. Raising a \$100,000 for something non-existent is not an easy task. The fact that the first printing of this book has the ability to generate over \$750,000 is very exciting.

The postcards and promotion packets that you designed and printed for us were beautiful and very well received. The project description was direct and to-the-point, and the visuals helped sponsors understand how the finished product would look. It will be wonderful to have such a quality product to raise future funds for the Hibel Museum of Art and help continue its story. We're also excited about the media exposure. The pre-sale of the book is going very well and we look forward to the upcoming book signings.

Thank you again for guiding us through this project.

We look forward to working with you again in the future.

Sincerely,

Nancy Walls
